About the Conference

Materials Science is an ever-exciting field where design and synthesis of novel materials, characterization of their structure and evaluation of their properties for challenging and cutting-edge applications are continuously being explored. An international conference on ‘Advances in Materials Science (ADAMS-22)’ is being organized in *Hybrid Mode* by Materials Group, Bhabha Atomic Research Centre in association with The Indian Institute of Metals (IIM)-Mumbai Chapter, Materials Research Society of India (MRSI)-Mumbai Chapter and, Electron Microscope Society of India-West Zone, during April 22-25, 2022 at the DAE Convention Centre, Anushaktinagar, Mumbai, India with the objective of elucidating the advancements in materials science. Eminent speakers from various fields of materials science will present their work in the structured sessions in this conference. This conference, sponsored by the Board of Research in Nuclear Science (BRNS), will be attended by a large number of scientists, research scholars, practicing engineers and students from R&D institutes, academia and industries across the globe and offers an excellent opportunity for networking and direct interaction with experts in development of materials and their applications.

This conference is dedicated to Late (Dr.) Srikumar Banerjee, one of the most respected metallurgists of India and former Secretary, Department of Atomic Energy, Government of India. The inaugural “Dr. Srikumar Banerjee Memorial Lecture” will be delivered on April 25, 2022.
